Service Dogs Need Help Too

Pawsibilities unleashed primary mission is to provide Service Dogs and service dog training to persons with disabilities to help improve their quality of life and help them lead a more independent and productive life using positive training methods.

We have been searching for a group that helps Veterans. We found that in this non-profit that helps provide PTSD dogs for Veterans.

When the BOGO coupon for the dog food came out we were very excited. We normally do not provide pet food or items since it is not in our household program. This was a perfect opportunity to help another organization.

We scouted out any stores that were running the deal to make the most of the coupons. Finally

we found them. We were able to get 44 bags retailing \$214. We paid tax.

After a quick e-mail to Stacy she was thankful that someone thought of them and met us at our office.

Once there Tracy was kind enough to speak with us about the ins and outs of her non-profit. They are plagued by some of the same strains we all are. Money, time, and volunteers are tough to come by for a non-profit.

With that in Mind we are now going to be keeping a closer eye on pet products. Even though we may not have a use for them we can still get them for almost free and help out another non-profit. That is what this is all about, Helping out who ever we can reach.

As we said goodbye Kimberly was quick to hand Tracy 40 more coupons for dog food, explained the deal, and said we would be happy to work together in the future.
